RELEASES DVD & CD
ON ROUNDER RECORDS - AUGUST 26

STEVESONGS: THE MARVELOUS MUSICAL ADVENTURES

Burlington, MA - Rounder Records is pleased to announce the release of *SteveSongs: The Marvelous Musical Adventures* DVD and bonus CD out on August 26. The DVD/CD set is presented by Rounder and PBS KIDS coinciding with Steve's exciting new role as "Mr. Steve" the new music teacher on the popular **PBS KIDS** preschool destination, which debuts its third season today.

The DVD features over 90 minutes of fun and creative content, including eight live-action and animated feature videos, a live concert, and more than 20 minutes of bonus material, with two music videos from the PBS KIDS preschool destination, and additional SteveSongs videos, outtakes, and interviews. The DVD is shot in high-definition, with beautiful panoramic outdoor shots and magical indoor sets—all which compliment Steve's award-winning music, presented for the first time in a video format. Many of the characters Steve's fans have come to know from his CDs and live shows spring to visual life in the DVD as real-life actors, puppets and animated characters: "Bouncer" the bear, "Silly," pirates in "The Pirate Song," "Fast Monkey," "Spyrtle the Turtle" and many more.

The live show section of the DVD features eight songs performed with Steve's full band and Steve's back up singers, "The Sillies" in front of a sold-out crowd of eager fans at Hale Auditorium in Stow, MA. Most of the live features are high energy, interactive songs that encourage home viewers to dance, play and sing along with the band and the live audience. Kids won't simply watch "Bear Hunt," "Gravity" or "Square Dancin' Mice"; they will participate directly in the dancing and adventures as Steve leads them along.

The DVD showcases Steve as songwriter and performer and aims to capture the same connection with the home viewer that he has been able to establish with thousands of family audiences in large and intimate settings across the country. The result is both entertaining and educational with a timeless, classic quality. Additionally, the package includes a 7-song bonus CD, featuring three brand new tracks ("Giant," "Megasaur & Melinda" and "Bees Knees") and four fan favorites off Steve's past CDs ("Marvelous Day," "On a Flying Guitar," "Fast Monkey" and "Gravity").

SteveSongs Bio:

Steve Roslonek debuts as "Mr. Steve" on the PBS KIDS preschool destination starting May 19, 2008 and performs original music that ties into the day's interactive curriculum theme. Steve has been writing and performing his award-winning music for kids and families for the past eleven years. He blends participatory songs, clever stories and great melodies to create what the *Boston Globe* called "not just a musical journey but an entertaining, interactive and educational one." He has delighted audiences across the country at prestigious venues, including the Kennedy Center and the White House in Washington, D.C., Wolftrap in Vienna, VA, Symphony Space in New York City and Fenway Park in Boston.

Steve began writing children's music in 1997, recorded his first album, *Morning 'Til Night* independently in 1999, and soon left his job as a business consultant with Accenture to pursue his musical adventure full time. Nine years and four albums later, Steve has performed thousands of shows across the country and has won numerous prestigious awards, including two Parents' Choice Gold Awards, a Nappa Honor, an iParenting Media Award and a Children's Music Web Award. Steve is known for his fun, upbeat songs with educational messages and for using music to connect with children in pre-schools and other learning environments throughout the country. Combining his two passions, music and kids, has yielded what Steve calls "the coolest job ever."

His current and critically acclaimed CD, *Marvelous Day*, was released in 2006 on Rounder Records.
